

Tahbilk Marsanne 2019

12.0% Alcohol | Screw Cap Closure | Enjoy Now to 2027/2029. From a highly regarded vintage for our Estate Marsanne this 2019 release is intense and lifted with bright jasmine and lemon scents on a juicy palate of tropical and citrus fruits underscored by a taut minerality. Time in the cellar will see classic aged-Marsanne rich and toasty, marmalade and honeyed characters develop but don't miss its delicious youthfully intense enjoyment now alongside barbecued calamari with lime and chilli or a crispy lemon chicken.

"Having tasted Tahbilk Marsannes at their release over the past 40+ years, I have gained the ability to be confident about the prospects of this label. It has Meyer lemon flavours, honeysuckle aromas and bright acidity all in balance. It will grow and grow in bottle - and in your estimation of its worth." **James Halliday** | www.winecompanion.com.au

Since 2012 Tahbilk Winery has achieved the goal of being 'Carbon Neutral'. This means that through a transparent process of measuring emissions, reducing those emissions and offsetting residual emissions, our net calculated carbon emissions equal zero. This is a journey not a destination; see our [carboNZero certified journey](#).
